[How To Tera Faster](#)

DOWNLOAD

I've had to re-download the game and, like the first time I downloaded it, the download ETA is at 7 hours, sometimes 11 and (if anything like the last time) it will genuinely take this long to complete.. Combat Statistics Attack increases the damage your character does Your attack is based on your power stat, plus any bonuses from your character's item, such as weapons, gloves.

You may have made a rash decision and you still have time to change your mind Someone could have logged in on your account, maybe a gf or bf, and wanted to be mean and delete your main.. Movement speed during combat is significantly slower Shoes and crystals can provide bonus to your movement speed.. At any rate, just checking in Is anyone else having the same issue with the download servers for TERA.

Hello, I'm Josh 'Strife' Hayes, and this is a super simple beginners guide to the action MMORPG 'TERA' on PC.. Patreon: <https://www.patreon.com/joshstrifehayes> Likes Received26Points1,401Posts217HiJust out of interest what is the general view of how long it takes to get from 65 to 70? Also what is the most efficient class at getting from 65 to 70 and what item gear level do you think a player should be at Level 70 on hitting cap and why ?Is there much in the way of content at 70 ?..
